MEMORANDUM FOR: Deputy Director for Science and Technology

SUBJECT : FMSAC Briefing at BOB

1. On the morning of 20 October Carl Duckett and Dave Brandwein briefed the following Bureau of the Budget officials:

25X1

Willis Shapley - Assistant Chief, Military Division [redacted]
Division)

Irv Lewis - Assistant Chief, International Division (Bob Amory's
Division)

[redacted] - CIA's Examiner

25X1

The briefing, on the recent [redacted] event, was requested by the Bureau chiefly for Shapley's benefit, since he follows not only DOD missile and space programs but also those of NASA.

25X1

2. [redacted] who attended for BPAM, reports that the Bureau people were obviously very pleased with the FMSAC effort, which was completely responsive to their needs. The session was crisp, authoritative and wholly professional. In short, a fine performance by FMSAC before an audience which, as you know, has been more than a little reluctant in its support of this Agency activity.

25X1
